

March 25, 2012 â€” INSTALLATION INSTRUCTIONS 1. Extract the RAR files 2. Mount or burn the . There are only 15 levels in the world and 2 golden eggs that you will find. 3. Read the instructions (and make sure you understand them) to learn how to install the game. 4. Run the Setup.exe file and follow the instructions of the installation wizard, selecting the installation of additional components (if they are present in the distribution), and then selecting the installation locations of the game. 5. After the installation is completed, it is recommended to launch the game through the Native.exe file. 6. There is a dsound32 file (.dll file) in the game folder, which needs to be launched using an archiver program (not WinRAR archiver).
